BOA-W – Maintenance-free Soft-seated Globe Valve

- Little pressure loss**
 due to hydraulically favourable flow passage
- One model for shut-off and throttling**
 due to EPDM-encapsulated throttling plug with linear characteristic
- Zero leakage and zero maintenance for life**
 due to lubricated-for-life EPDM profile ring and single-piece body
- Easy insulation**
 due to simple body design and anti-condensation feature (insulating cap)
- Fully equipped at no extra price**
 with internal travel stop, position indicator and locking device

Drinking water approved model with electrostatic plastic coating (EKB)

Technical data

Material	EN-GJL 250
Nominal sizes	DN 15 to DN 200
Nominal pressure	PN 6 or 16
Permissible operating temperature	-10 to +120 °C
Permissible operating pressure	16 bar
Length	EN558/1

The limits given in the technical codes must be complied with. Please contact us for details.

Variants

Lead-sealable cap (assembly set)
